

GelTech System

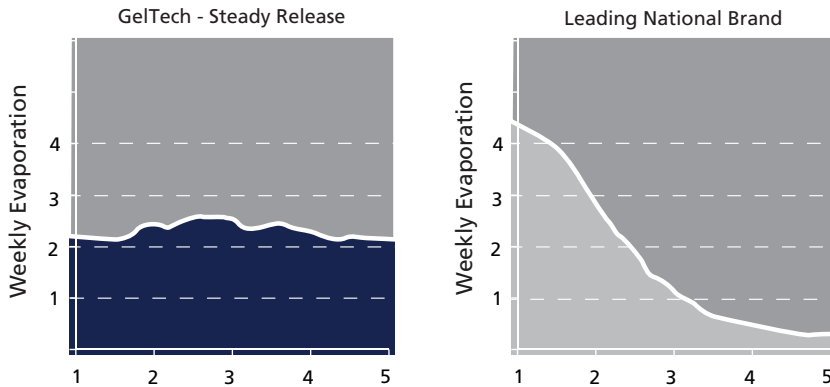

Super concentrated gel odor neutralization

Our GelTech System uses AirSolution technology, a patent-pending complex blend of essential oils, that work through the process of odor neutralization to reduce odor complaints. During this process, AirSolution reacts with the odor molecules and right away begin to break them down, converting it into a non-volatile compound – reducing both their odor concentration and intensity. This is true neutralization, not a masking agent or perfume.

The 'pin' feature in the GelTech cartridge works to increase surface area as the gel is used, to generate turbulence when used with the AirStreme fan dispenser, and to give the gel increased stability, which allows it to be used on its' side or even upside down if required.

Longer Lasting - Uniform Output Odor Control

GelTech cartridges are super concentrated, with over 90% active ingredients. It is spill proof with excellent clarity, heat and cold stability. The gel is Phthalate-free and is VOC-compliant. The cartridge provides uniform output over its life span.

Daily Uniform Evaporation

Unlike other gels, GelTech has a longer uniform release over a 30 day cycle. Where most gels pack an instant punch they quickly dissipate within the first 10 days.

Environmentally Sound

All AirSolution GelTech cartridges are 100% biodegradable and the container is completely recyclable.

Ideal For:

- | | | |
|------------------------|--------------------|-----------------|
| Garbage Chute Rooms | Hospital Rooms | Diaper Pails |
| Retirement Homes | Offices | Stairways |
| Hotel rooms | High traffic areas | Kennels |

AirStreme Fan Dispenser

- Easy load-and-go
- Maintenance Free
- Effective up to 3000 cu. ft.
- Wall-mount
- Runs on single 'D' battery

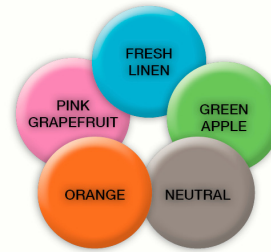

Code

10-AFD-0600

Description

AirStreme Fan Dispenser with Intermittent Switch Variety Pack
 Fresh Linen
 Orange
 Green Apple
 Neutral
 Pink Grapefruit

- 50-GEL-0100
- 50-GEL-0110
- 50-GEL-0120
- 50-GEL-0130
- 50-GEL-0140
- 50-GEL-0150

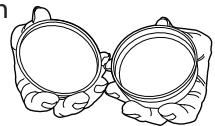

Odors Treated

- Nuisance Organic Odors
- Organic Acid Odors
- Cigarette Smoke
- Body Odor
- Urine Odor
- Cat box Odor

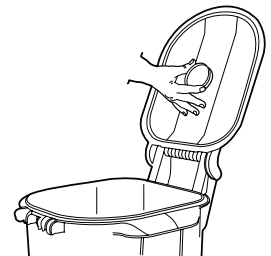

Optional Uses for GelTech Cartridges

Remove resealable lid and place on the under side of your garbage or green bin with two sided tape.

GelTech cartridges will start eliminating odors right away with no spray or messy residue.

- Garbage bins
- Green bins
- Recycling bins
- Diaper containers
- Effective for two months
